CHAPTER 2

PROGRAM OPERATORS

Introduction

This chapter discusses the use of contractors, subrecipients and other governmental entities to carry out your CDBG activities, such as programs or multiple projects, and to administer your grant. This chapter may not apply to you if you are administering your grant directly and your activity is limited to direct assistance for a project. If you have questions about this chapter's applicability to your situation, please contact your CDBG or EDBG Representative.

Grantee Responsibilities

Grantees are ultimately responsible for managing/implementing the funded CDBG activities, even if they hire program operators to assist or manage day-to-day operations.

Who Will Administer or Implement Activities?

Grantee Chooses Who Administers or Implements Grantees must make choices about who will administer and implement CDBG-funded activities. Options include:

- Grantee Staff -- does Grantee have, or can it obtain, the staff capacity?
- Contractors
- Subrecipients
- Other Governmental Entities (OGEs)
- Some combination of the above

Factors in Choosing Who Will Manage or Implement Factors which tend to affect the degree to which grantee staff are relied upon more heavily for all CDBG functions include:

- Size of the community and of the CDBG grant amount
- Types of programs undertaken
- Local politics
- Capacity of in-house staff; and
- Capacity and availability of potential program operators

Based upon the Grantee's analysis of staffing capacities and upon programmatic needs, the Grantee must determine whether and/or to what extent it will work with contractors, subrecipients, and other governmental entities.

USING CONTRACTORS

Contractors Defined

Contractors are program operators who are procured competitively. Forprofit entities are competitively procured and considered to be contractors. Under limited circumstances, private for-profits may be selected as subrecipients for certain activities. See "Subrecipients Defined" on next page. Typically, grantees use a contractor when:

- The activity is a project with a discrete activity and does not involve program management or administration;
- There is a specific activity under the contract with a clearly defined beginning and end date;
- The specific activity undertaken by a contractor may be a physical project (like a multi-family rehabilitation) or a social service activity (like running a day care center or a housing rehabilitation program.)

Contractor Procurement

Contractors must be procured competitively (See Chapter 8) according to Federal Office of Management and Budget (OMB) rules.

Agreements With Contractors

Grantees must enter into agreements with contractors. In order to meet HUD and State CDBG Program requirements, agreements with contractors must address the following:

- Scope of services to be provided, consistent with the State contract
- Identification of intended beneficiaries, if applicable
- Schedule for work completion
- Budget and payment schedule
- Provisions for termination for non or poor performance
- Other provisions required regarding:
 - Equal opportunity (see Contract Att. B.7; GMM, Chapter 4)
 - Nondiscrimination (see Contract Att. A.2; GMM, Chapter 4)
 - Labor standards (see Contract Att. B.9; GMM, Chapter 5)
 - Anti-lobbying (see Contract Att. B.1)
 - Conflict of interest (see Contract Att. B.5)
- Provisions for maintenance of workers' compensation insurance (see Contract Paragraph 18 (b) (3)
- Provisions for maintenance of unemployment disability and liability insurance, as required (see Contract Paragraph. 18(b)(4))
- Provisions for records retention (min. <u>4 yrs. from submittal of final expenditure report or conclusion of any audit or litigation)</u> (Contract Paragraph 18(b)(5))
- Provision permitting monitoring/auditing (Contract Paragraph 18(b)(6))
- Provision that grantee will monitor for conformity with its State contract.

Term of Contracts

The term of contracts cannot exceed three years according to federal procurement rules.

2-2

USING SUBRECIPIENTS

Subrecipients Defined:

A subrecipient is a public or private non-profit agency or organization receiving CDBG funds from a grantee or another subrecipient to undertake eligible activities. Another way to say this is that subrecipients (sometimes referred to as "subgrantees") are organizations that are **provided** CDBG funds by a grantee **for their use** in carrying out agreed-upon, eligible activities. There are three basic kinds of subrecipients:

- 1. Governmental non-profits (GNPs) are public agencies, commissions, or authorities that are **independent** of the grantee government (for example, a public housing authority, or a district water commission).
- 2. Private non-profits are usually, but not always, corporations, associations, agencies, or religious organizations with nonprofit status under the Internal Revenue Code (Section 501(c)(3)), usually with a board of directors and an executive director in charge of daily administration. Examples of private non-profits include private social service agencies (such as job training, counseling, or day care providers), community development corporations, church-related housing development groups, and operators of homeless shelters. Community-Based Development Organizations (CBDOs) are not considered subrecipients unless the grantee specifically designates these organizations as such.
- 3. **Private For-profits.** A limited number of private for-profits can qualify as subrecipients under Section 570.204, to carry out special activities such as economic development or housing new construction, provided that the purpose, function, and scope of those activities meet all of the requirements of that section. Essentially, these for-profit subrecipients are limited to Small Business Investment Companies (SBICs) organized pursuant to Section 301(d) of the Small Business Investment Act of 1958 (15 U.S.C. 681(d)).

When to Use Subrecipients

Subrecipients commonly operate programs such as public services, housing rehabilitation, public works, and community facilities. These programs may be funded by specific grant agreements with HCD, program income, or both.

Certain circumstances may require the use of a subrecipient, for example:

- If a non-profit organization desiring to operate a program offers to contribute funds to a proposed program, this would be a conflict of interest under a competitive procurement. To avoid this conflict, the jurisdiction must select this non-profit as a subrecipient.
- If the jurisdiction decided not to competitively procure its program operator, then it could either select the organization to be its subrecipient (must meet subrecipient definition), or choose to operate the program itself.

CDBGGMM 7/05

How Do Subrecipients Differ From The Grantee's Own Employees? A grantee's "employees" refer to persons working for the unit of general local government that receives the CDBG funds directly from the State. For a city or county participating in the State CDBG Program, this would mean all employees of that City or County, so that even if the components of the local CDBG program were "farmed out" to many different city or county departments, the State CDBG Program considers all these departments and their staff to be "employees" of the grantee. However, if the city or county chooses to run its CDBG housing rehabilitation program through its independent redevelopment agency, for purposes of the CDBG program, the redevelopment agency would be considered a subrecipient.

Neither procurement contracts nor Subrecipient Agreements are required when CDBG activities are carried out by various departments or other organizational units **within** the grantee government itself. However, interagency or inter-departmental agreements are strongly encouraged as a mechanism for managing CDBG funds.

How Do Subrecipients Differ From Contractors? A contractor can be either a for-profit or a non-profit entity that is **paid** CDBG funds by the grantee (or subrecipient) in return for specific services, where payment is made to the contractor as **compensation**. While a subrecipient can be **designated** by the grantee, contractors must be selected through a **competitive procurement process**. However, other than rules relating to bonding, insurance, prevailing wages and other provisions, most of the standard federal administrative and monitoring requirements (described in 24 CFR Part 85 and OMB Circular A-110) do **not** apply to contractors, once the procurement process is complete. These OMB circulars and regulations must be followed by all subrecipients.

Under most circumstances, the distinction between a contractor and a subrecipient is clear. A development firm hired to build a new senior center is a contractor. A community development corporation running senior service programs is a subrecipient. However, there can be some tricky cases. For example, if a nonprofit day care provider is **hired** by a grantee (after a procurement process) to provide day care services to a lower income neighborhood, the nonprofit is a **contractor** in this instance, even though the grantee could have chosen to designate the nonprofit as a subrecipient to carry out the very same activity. The difference lies in the procurement process and in the administrative and monitoring requirements for subrecipients.

2-4 CDBGGMM 7/05

Selecting Subrecipients

Grantees should have procedures for assessing subrecipient organizations. Factors that should be considered in selecting an entity to administer a CDBG-funded activity include:

- The proposed plan for carrying out the activity or activities:
 - Have all the tasks been identified?
 - Has a realistic schedule been developed?
 - Has an estimate of necessary resources been compiled into a realistic budget?
 - Is the budget separate from other activities carried out by the organization?
- The organization's capacity to do the work:
 - Has the organization performed the proposed activity before?
 - Does the organization have the experience with CDBG?
 - Does the organization have an appreciation for and realistic picture of the requirements and responsibilities associated with CDBG funds?
 - Is the organization familiar with the other federal requirements that must be adhered to?
 - What is the organization's track record?
 - Does the organization have adequate administrative and financial systems in place to deal with the program requirements?
 - Does the organization have qualified staff for all the functions and is there adequate staff time available for implementation and administration?
- The possibility of any potential conflicts of interest (does not relate to board members who do not have financial interests):
 - Have any staff members, agents, officers or members of their families participated in or gained inside information on the CDBG award decisionmaking process?
 - Do any staff members, agents or members of their families stand to gain, financially or otherwise, from an award of CDBG funds to the organization?

Subrecipient Agreements

Before Disbursing Funds Before disbursing funds to any organization that is carrying out CDBG activities on behalf of the grantee, a written agreement must be executed. Such agreements must include the items listed below under "Required Contents of Subrecipient Agreements," and should also include the items listed under "Agreements With Contractors," which is found several pages further into this chapter.

Purposes of Subrecipient Agreements

Subrecipient agreements are a crucial element of CDBG program administration. Properly written and executed, written agreements can be used to serve three main purposes:

- To meet the minimum HUD requirements
- To provide a tool for managing CDBG activities
- To serve as a training tool

2-5 CDBGGMM 7/05

Required Contents of Subrecipient Agreements

The CDBG Regulations stipulate that certain requirements be included in all written agreements with subrecipients. At a minimum, subrecipient agreements must include the following provisions:

- **Statement of work** A description of the work to be provided, including:
 - Schedule and Budget;
 - The purpose and nature of the services to be provided, including where they will be offered
 - The specific tasks to be performed (e.g., job training services, application intake for rehab loans);
 - The specific quantifiable level of service that will be provided for each activity (e.g., 25 job training participants each month, 15 rehab loan applications per month); and
 - The schedule for the performance of work with target levels of service indicated at specific points in time (such as the milestone dates found in your CDBG standard agreement)
- **Records and Reports** The specific records which must be maintained and reporting requirements.
- **Program income** Whether program income received is to be returned to the recipient or retained by the subrecipient. If the income will be retained, the specific activities for which the funds shall be undertaken. Also, subrecipients must reduce requests to the grantee for new CDBG funds by the amount of program income on hand.
- **Uniform administrative requirements** Compliance with all applicable uniform administrative requirements, as described in §570.502
- Other program requirements Compliance with all applicable "other federal" requirements (e.g., Davis-bacon, NEPA environmental review, flood insurance, procurement, relocation, etc.)
- Conditions for religious organizations If applicable, the conditions governing the use of funds by religious organizations found in §570.200(j) and 570.503(b)(6).
- **Suspension and Termination** Suspension or termination may occur if the subrecipient fails to comply with any term of the agreement, and that the agreement may be terminated for convenience.
- **Reversion of assets** Upon expiration of the agreement, any CDBG funds on hand as well as any accounts receivable attributable to the CDBG funds must be transferred to the grantee. The agreement must also include the requirements covering the use of real property acquired with CDBG funds.
- Other Required Provisions All additional contract requirements found in Chapter 12 Monitoring, 1. General Compliance Checklist.

Term of Subrecipient Agreements

Written agreements must remain in effect for the length of time that the subrecipient has control over any CDBG funds, including program income. However, it is good practice to update subrecipient agreements annually to ensure the agreements are current with regulations and requirements. This process also allows an opportunity to revisit and clarify problem areas or issues.

CDBGGMM 7/05

Training of Subrecipients

Introduction

In order to avoid future problems with subrecipients, it is the responsibility of grantees to provide up front and ongoing training and technical assistance to subrecipients. There are three basic approaches, that together, focus on enhancing performance and reducing common problems among subrecipients. The next three sections describe these approaches.

Orientation **Sessions**

- Typically held at the beginning of a funding cycle, or prior to application to the State
- Provides a forum for discussing basic requirements and procedures, and to discuss expectations about performance

Training

- Training is typically aimed at larger audiences
- This type of workshop focuses on specific issues, and provides sufficient technical detail necessary for subrecipients to understand and implement program
- Training should be held throughout the year, and should enhance performance and long-term capacity of subrecipients

Technical Assistance

- Typically provided in a one-on-one or small group setting on site
- Technical assistance should be designed to correct a specific weakness, or to improve the quality or performance of a specific program or project already underway

Monitoring of Subrecipients

Grantee Monitoring of Subrecipient Performance

If CDBG funds are allocated to subrecipients to carry out activities, grantees are responsible for:

- Ensuring that subrecipients comply with all regulations and requirements governing their administrative, financial and programmatic operations
- Ensuring that subrecipients achieve their performance objectives within schedule and budget and for taking appropriate actions when performance problems arise
- Monitoring should not be a one-time event. To be an effective tool for avoiding problems and improving performance, monitoring must be an ongoing process of planning, implementation and follow-up

2-7 CDBGGMM 7/05

Steps in the Monitoring Process

- Develop a monitoring plan Grantees should develop a monitoring plan at the beginning of each program year (or grant cycle) in order to match available resources with the needs and capacity of funded subrecipients.
- Standardize monitoring procedures To ensure consistency and thoroughness in monitoring reviews, grantees should use standardized monitoring checklists or guidebooks. Monitoring procedures should also specify the steps to be followed for monitoring visits. You may want to refer to the State CDBG Program's monitoring checklists located in Chapter 12 of the Grant Management Manual
- Identify "risky" subrecipients Grantees should perform a risk assessment to identify which subrecipients require comprehensive monitoring. High risk subrecipients might include:
 - subrecipients new to the CDBG program
 - subrecipients that have experienced turnover in key staff positions
 - subrecipients with past compliance or performance problems
 - subrecipients carrying out high risk activities such as acquisition, housing, and economic development
 - subrecipients undertaking multiple CDBG-funded activities for the first time.
- For experienced subrecipients that are successfully carrying out activities, grantees could plan a more narrowly focused monitoring that would examine areas where the regulations have changed, new activities being undertaken or aspects of the subrecipients' programs that led to problems in the past.

<u>Note</u>: Comprehensive monitoring reviews should be conducted periodically even for subrecipients with strong past performance. Even the most effective and efficient subrecipients can neglect their responsibilities if grantees do not hold them accountable.

Establish a Monitoring Schedule

Once the risk assessment has been conducted, grantees should establish a schedule that identifies when subrecipients will be monitored by grantee staff. HCD requires Grantees to monitor sub recipients once per 30-month CDBG grant agreement, or if the work transcends specific grant agreements, once per year. Grantees should allow ample notice to subrecipients of planned monitoring visits.

2-8 CDBGGMM 7/05

Prepare for the Monitoring Visit

Before beginning the monitoring visit, grantees should ensure that their staff are adequately trained for the task. Staff should be thoroughly familiar with the applicable program rules and the established monitoring protocol. In addition, staff persons assigned to monitor a particular subrecipient should review the following types of in-house data prior to the visit:

- the CDBG funding application
- written agreement
- progress reports
- draw-down requests
- correspondence
- previous monitoring reviews
- copies of audits

2-9 CDBGGMM 7/05

Conduct the Monitoring Visit

There are five basic steps to any monitoring visit:

- 1. **Notification Letter:** Grantees should begin the monitoring process by calling subrecipients to explain the purpose of the visit and to agree upon dates for the visit. A formal notification letter should follow at least several weeks before the planned visit and should include:
 - confirmation of the dates for the review
 - scope of the monitoring
 - information needed for review during the visit
 - staff persons needed for interviews or assistance during the review
- 2. **Entrance Conference:** Entrance conferences are held at the beginning of monitoring visits, usually with the executive director or other top official of the organization, to make sure the subrecipient has a clear understanding of the purpose, scope and schedule for the monitoring.
- 3. **Documentation and Date Gathering and Analysis:** Grantees should keep a clear record of information reviewed and conversations held with subrecipient staff during the monitoring visit. The most efficient and effective way to review all the necessary documentation and data is to utilize a checklist. The information reviewed and obtained will serve as the basis for conclusions drawn from the visit. Subrecipients may request that sources be identified if any of the conclusions are disputed.
- 4. **Exit Conference:** At the end of the monitoring visit, the reviewers should meet again with key representatives of the subrecipient organization to:
 - present preliminary results of the monitoring
 - provide an opportunity for the subrecipient to correct any misconceptions or misunderstandings
 - secure additional information to clarify or support their position
 - if applicable, provide an opportunity for the subrecipient to report on steps the organization may already be taking to address areas of noncompliance or nonperformance.
- 5. Follow-up Letter: At the end of the process, the grantee should provide the subrecipient with formal written notification of the results of the monitoring review. The purpose of this letter should not only be to point out problem areas, but also to recognize successes. In addition, the monitoring letter creates a permanent written record of what was found during the review. The letter should outline concerns and findings as well as deadlines for a written response and corrective actions. Standardized language set forth in the monitoring procedures often helps grantees to develop monitoring letters in a reasonable time frame and with consistency from subrecipient to subrecipient.

Follow-up to Ensure Problems are Addressed

Grantees are responsible for ensuring that subrecipients correct problems found as a result of monitoring. Effective follow-up procedures adhere to four basic principles:

- 1. the accountability of subrecipients to the grantee
- 2. the clarity and consistency of performance standards and corrective actions
- 3. the continuous provision of feedback by the grantee to the subrecipient
- 4. timely communications with subrecipients

CDBGGMM 7/05

Intervention and **Sanctions**

There are basically three increasingly serious stages grantees should utilize for addressing subrecipient problem areas:

- Stage 1 Early Intervention:
 - Plan a strategy with the subrecipient that includes additional training or technical assistance;
 - Require more frequent or more thorough reporting by the subrecipient; or
- Conduct more frequent monitoring reviews of the subrecipient
- Stage 2 Intervention for More Serious or Persistent Problems:
 - Restrict the sub recipient's payment requests;
 - Disallow subrecipient expenses (or require payment); or
 - Impose probationary status
- Stage 3 Sanctions:
 - Temporarily suspend the subrecipient;
 - Do not renew the subrecipient the next program year;
 - Terminate the sub recipient's activity for the current program year; or
 - Initiate legal action

USING OTHER GOVERNMENTAL ENTITIES (OGEs)

OGEs Defined

A jurisdiction may choose to work with an OGE to operate a program. The term "OGE" means another jurisdiction (city or county). For example, a city agrees to use a county housing department to administer its CDBG housing rehabilitation program. The term "OGE" does <u>not</u> include independent governmental non-profits (GNPs), as defined earlier in this chapter under "Using Subrecipients".

Selecting OGEs

OGEs may be selected without following Federal procurement rules.

Agreements with OGEs

Grantees must enter into Memoranda Of Understanding (MOU) or Joint Powers Agreements (JPA) with selected OGEs. Such agreements should meet the same requirements as an agreement with a subrecipient (i.e., the applicable provisions set forth in 570.503). The CDBG Grantee remains responsible for adherence to program requirements.

or meet community development needs having a particular urgency, as defined in 24 CFR 570.208.

The Subrecipient certifies that the activity (ies) carried out under this Agreement will meet (indicate which National Objective). Briefly describe how this National Objective will be met.

C. Levels of Accomplishment – Goals and Performance Measures

The levels of accomplishment may include such measures as units rehabbed, persons or households assisted, or meals served, and should also include time frames for performance.

The Subrecipient agrees to provide the following levels of program services:

"Any changes in the Key Personnel assigned or their general responsibilities under this project are subject to the prior approval of the Grantee."

E. Performance Monitoring

The Grantee will monitor the performance of the Subrecipient against goals and performance standards as stated above. Substandard performance as determined by the Grantee will constitute noncompliance with this Agreement. If action to correct such substandard performance is not taken by the Subrecipient within a reasonable period of time after being notified by the Grantee, contract suspension or termination procedures will be initiated.

The Subrecipient agrees to comply with the requirements of Title 24 of the Code of Federal Regulations, Part 570 (the U.S. Housing and Urban Development regulations concerning Community Development Block Grants (CDBG)) including subpart K of these regulations, except that (1) the Subrecipient does not assume the recipient's environmental responsibilities described in 24 CFR 570.604 and (2) the Subrecipient does not assume the recipient's responsibility for initiating the review process under the provisions of 24 CFR Part 52. The Subrecipient also agrees to comply with all other applicable Federal, state and local laws, regulations, and policies governing the funds provided under this contract. The Subrecipient further agrees to utilize funds available under this Agreement to supplement rather than supplant funds otherwise available.

B. "Independent Contractor"

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The Subrecipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Grantee shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance, as the Subrecipient is an independent contractor.

C. <u>Hold Harmless</u>

The Subrecipient shall hold harmless, defend and indemnify the Grantee from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the Subrecipient's performance or nonperformance of the services or subject matter called for in this Agreement.

D. Workers' Compensation

The Subrecipient shall provide Workers' Compensation Insurance coverage for all of its employees involved in the performance of this Agreement.

E. <u>Insurance & Bonding</u>

The Subrecipient shall carry sufficient insurance coverage to protect contract assets from loss due to theft, fraud and/or undue physical damage, and as a minimum shall purchase a blanket fidelity bond covering all employees in an amount equal to cash advances from the Grantee.

The Subrecipient shall comply with the bonding and insurance requirements of 24 CFR 84.31 and 84.48, Bonding and Insurance.

F. <u>Grantee Recognition</u>

In addition, the Subrecipient will include a reference to the support provided herein in all publications made possible with funds made available under this Agreement.

G. Amendments

The Grantee or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by a duly authorized representative of each organization, and approved by the Grantee's governing body. Such amendments shall not invalidate this Agreement, nor relieve or release the Grantee or Subrecipient from its obligations under this Agreement.

The Grantee may, in its discretion, amend this Agreement to conform with Federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both Grantee and Subrecipient.

H. <u>Suspension or Termination</u>

In accordance with 24 CFR 85.43, the Grantee may suspend or terminate this Agreement if the Subrecipient materially fails to comply with any terms of this Agreement, which include (but are not limited to) the following:

- 2. Failure, for any reason, of the Subrecipient to fulfill in a timely and proper manner its obligations under this Agreement;
- 3. Ineffective or improper use of funds provided under this Agreement; or
- 4. Submission by the Subrecipient to the Grantee reports that are incorrect or incomplete in any material respect.

In accordance with 24 CFR 85.44, this Agreement may also be terminated for convenience by either the Grantee or the Subrecipient, in whole or in part, by setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated.

2-18 CDBGGMM 7/05

However, if in the case of a partial termination, the Grantee determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the Grantee may terminate the award in its entirety.

VIII. ADMINISTRATIVE REQUIREMENTS

A. Financial Management

1. Accounting Standards

The Subrecipient agrees to comply with 24 CFR 84.21–28 and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred.

2. <u>Cost Principles</u>

The Subrecipient shall administer its program in conformance with OMB Circulars A-122, "Cost Principles for Non-Profit Organizations," or A-21, "Cost Principles for Educational Institutions," as applicable. B. <u>Documentation and Record Keeping</u>

1. Records to be Maintained

The Subrecipient shall maintain all records required by the Federal regulations specified in 24 CFR 570.506, that are pertinent to the activities to be funded under this Agreement. Such records shall include but not be limited to:

- a. Records providing a full description of each activity undertaken;
- b. Records demonstrating that each activity undertaken meets one of the National Objectives of the CDBG program;
- c. Records required to determine the eligibility of activities;
- d. Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG assistance;
- e. Records documenting compliance with the fair housing and equal opportunity components of the CDBG program;
- f. Financial records as required by 24 CFR 570.502, and 24 CFR 84.21–28;
- g. Other records necessary to document compliance with Subpart K of 24 CFR Part 570.

2. Retention

The Subrecipient shall retain all financial records, supporting documents, statistical records, and all other records pertinent to the Agreement for a period of four (4) years. The retention period begins on the date of the submission of the Grantee's annual performance and evaluation report to HUD in which the activities assisted under the

2-19 CDBGGMM 7/05

Agreement are reported on for the final time. Notwithstanding the above, if there is litigation, claims, audits, negotiations or other actions that involve any of the records cited and that have started before the expiration of the four-year period, then such records must be retained until completion of the actions and resolution of all issues, or the expiration of the four-year period, whichever occurs later.

3. Client Data

The Subrecipient shall maintain client data demonstrating client eligibility for services provided. Such data shall include, but not be limited to, client name, address, income level or other basis for determining eligibility, and description of service provided. Such information shall be made available to Grantee monitors or their designees for review upon request.

4. Disclosure

The Subrecipient understands that client information collected under this contract is private and the use or disclosure of such information, when not directly connected with the administration of the Grantee's or Subrecipient's responsibilities with respect to services provided under this contract, is prohibited by the [insert applicable State of Federal law] unless written consent is obtained from such person receiving service and, in the case of a minor, that of a responsible parent/guardian.

5. <u>Close-outs</u>

The Subrecipient's obligation to the Grantee shall not end until all close-out requirements are completed. Activities during this close-out period shall include, but are not limited to: making final payments, disposing of program assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and accounts receivable to the Grantee), and determining the custodianship of records. Not withstanding the foregoing, the terms of this Agreement shall remain in effect during any period that the Subrecipient has control over CDBG funds, including program income.

6. Audits & Inspections

All Subrecipient records with respect to any matters covered by this Agreement shall be made available to the Grantee, grantor agency, and the Comptroller General of the United States or any of their authorized representatives, at any time during normal business hours, as often as deemed necessary, to audit, examine, and make excerpts or transcripts of all relevant data. Any deficiencies noted in audit reports must be fully cleared by the Subrecipient within 30 days after receipt by the Subrecipient. Failure of the Subrecipient to comply with the above audit requirements will constitute a violation of this contract and may result in the withholding of future payments. The Subrecipient hereby agrees to have an annual agency audit conducted in accordance with current Grantee policy concerning subrecipient audits and OMB Circular A-133.

C. Reporting and Payment Procedures

1. <u>Program Income</u>

The Subrecipient shall report [insert frequency of reports, e.g., "monthly"] all program income (as defined at 24 CFR 570.500(a)) generated by activities carried out with CDBG funds made available under this contract. The use of program income by the Subrecipient shall comply with the requirements set forth at 24 CFR 570.504. By way of further

2-20 CDBGGMM 7/05

limitations, the Subrecipient may use such income during the contract period for activities permitted under this contract and shall reduce requests for additional funds by the amount of any such program income balances on hand. All unexpended program income shall be returned to the Grantee at the end of the contract period. Any interest earned on cash advances from the U.S. Treasury and from funds held in a revolving fund account is not program income and shall be remitted promptly to the Grantee.

2. Indirect Costs

If indirect costs are charged, the Subrecipient will develop an indirect cost allocation plan for determining the appropriate Subrecipient's share of administrative costs and shall submit such plan to the Grantee for approval, in a form specified by the Grantee.

3. Payment Procedures

The Grantee will pay to the Subrecipient funds available under this Agreement based upon information submitted by the Subrecipient and consistent with any approved budget and Grantee policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by the Subrecipient, and not to exceed actual cash requirements. Payments will be adjusted by the Grantee in accordance with advance fund and program income balances available in Subrecipient accounts. In addition, the Grantee reserves the right to liquidate funds available under this contract for costs incurred by the Grantee on behalf of the Subrecipient.

4. <u>Progress Reports</u>

The Subrecipient shall submit regular Progress Reports to the Grantee in the form, content, and frequency as required by the Grantee.

D. Procurement

1. <u>Compliance</u>

The Subrecipient shall comply with current Grantee policy concerning the purchase of equipment and shall maintain inventory records of all non-expendable personal property as defined by such policy as may be procured with funds provided herein. All program assets (unexpended program income, property, equipment, etc.) shall revert to the Grantee upon termination of this Agreement.

- 1. The Subrecipient shall transfer to the Grantee any CDBG funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation, or termination.
- 2. Real property under the Subrecipient's control that was acquired or improved, in whole or in part, with funds under this Agreement in excess of \$25,000 shall be used to meet one of the CDBG National Objectives pursuant to 24 CFR 570.208 until five (5) years after expiration of this Agreement [or such longer period of time as the Grantee deems appropriate]. If the Subrecipient fails to use CDBG-assisted real property in a manner that meets a CDBG National Objective for the prescribed period of time, the Subrecipient shall pay the Grantee an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, or improvement to, the property. Such payment shall constitute program income to the Grantee. The Subrecipient may retain real property acquired or improved under this Agreement after the expiration of the five-year period [or such longer period of time as the Grantee deems appropriate].
- 3. In all cases in which equipment acquired, in whole or in part, with funds under this Agreement is sold, the proceeds shall be program income (prorated to reflect the extent to that funds received under this Agreement were used to acquire the equipment). Equipment not needed by the Subrecipient for activities under this Agreement shall be (a) transferred to the Grantee for the CDBG program or (b) retained after compensating the Grantee [an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment].

IX. RELOCATION, REAL PROPERTY ACQUISITION AND ONE-FOR-ONE HOUSING REPLACEMENT

The Subrecipient agrees to comply with (a) the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA), and implementing regulations at 49 CFR Part 24 and 24 CFR 570.606(b); (b) the requirements of 24 CFR 570.606(c) governing the Residential Anti-displacement and Relocation Assistance Plan under section 104(d) of the HCD Act; and (c) the

requirements in 24 CFR 570.606(d) governing optional relocation policies. [The Grantee may preempt the optional policies.] The Subrecipient shall provide relocation assistance to displaced persons as defined by 24 CFR 570.606(b)(2) that are displaced as a direct result of acquisition, rehabilitation, demolition or conversion for a CDBG-assisted project. This contract is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P. L. 88-352) and 24 CFR 570.601 and 570.602. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this contract, the Subrecipient shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that the Grantee and the United States are beneficiaries of and entitled to enforce such covenants. The Subrecipient, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not itself so discriminate.

4. <u>Section 504</u>

The Subrecipient agrees to comply with all Federal regulations issued pursuant to compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination against the individuals with disabilities or handicaps in any Federally assisted program. The Grantee shall provide the Subrecipient with any guidelines necessary for compliance with that portion of the regulations in force during the term of this Agreement.

2. Women- and Minority-Owned Businesses (W/MBE)

The Subrecipient will use its best efforts to afford small businesses, minority business enterprises, and women's business enterprises the maximum practicable opportunity to participate in the performance of this contract. As used in this contract, the terms "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women's business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. The Subrecipient may rely on

2-23 CDBGGMM 7/05

written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

3. Access to Records

The Subrecipient shall furnish and cause each of its own subrecipients or subcontractors to furnish all information and reports required hereunder and will permit access to its books, records and accounts by the Grantee, HUD or its agent, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations and provisions stated herein.

4. Notifications

The Subrecipient will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or worker's representative of the Subrecipient's commitments hereunder, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. Equal Employment Opportunity and Affirmative Action (EEO/AA) Statement

The Subrecipient will, in all solicitations or advertisements for employees placed by or on behalf of the Subrecipient, state that it is an Equal Opportunity or Affirmative Action employer. Additional State of California Requirements regarding the State Equal Opportunity provisions are contained in Attachment A.

6. Subcontract Provisions

2. Labor Standards

The Subrecipient agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provisions of Contract Work Hours and Safety Standards Act (40 U.S.C. 327 et seq.) and all other applicable Federal, state and local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this Agreement. The Subrecipient agrees to comply with the Copeland Anti-Kick Back Act (18 U.S.C. 874 et seq.) and its implementing regulations of the U.S. Department of Labor at 29 CFR Part 5. The Subrecipient shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the Grantee for review upon request.

2-24 CDBGGMM 7/05

The Subrecipient agrees that, except with respect to the rehabilitation or construction of residential property containing less than eight (8) units, all contractors engaged under contracts in excess of \$2,000.00 for construction, renovation or repair work financed in whole or in part with assistance provided under this contract, shall comply with Federal requirements adopted by the Grantee pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided that, if wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve the Subrecipient of its obligation, if any, to require payment of the higher wage. The Subrecipient shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

"Section 3" Clause

a. <u>Compliance</u>

Compliance with the provisions of Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135, and all applicable rules and orders issued hereunder prior to the execution of this contract, shall be a condition of the Federal financial assistance provided under this contract and binding upon the Grantee, the Subrecipient and any of the Subrecipient's subrecipients and subcontractors. Failure to fulfill these requirements shall subject the Grantee, the Subrecipient and any of the Subrecipient's subrecipients and subcontractors, their successors and assigns, to those sanctions specified by the Agreement through which Federal assistance is provided. The Subrecipient certifies and agrees that no contractual or other disability exists that would prevent compliance with these requirements.

The Subrecipient further agrees to comply with these "Section 3" requirements and to include the following language in all subcontracts executed under this Agreement:

Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to low- and very low-income residents of the project area, and that contracts for work in connection with the project be awarded to business concerns that provide economic opportunities for low- and very low-income persons residing in the metropolitan area in which the project is located."

The Subrecipient further agrees to ensure that opportunities for training and employment arising in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project are given to low- and very low-income persons residing within the metropolitan area in which the CDBG-funded project is located; where feasible, priority should be given to low- and very low-income persons within the service area of the project or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs; and award contracts for work undertaken in connection with a housing

2-25 CDBGGMM 7/05

The Subrecipient certifies and agrees that no contractual or other legal incapacity exists that would prevent compliance with these requirements.

b. Notifications

The Subrecipient agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

c. Subcontracts

The Subrecipient will include this Section 3 clause in every subcontract and will take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the grantor agency. The Subrecipient will not subcontract with any entity where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR Part 135 and will not let any subcontract unless the entity has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

c. Content

The Subrecipient shall cause all of the provisions of this contract in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

d. <u>Selection Process</u>

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

6. Copyright

If this contract results in any copyrightable material or inventions, the Grantee and/or grantor agency reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes.

7. Religious Activities

Example #1: Sample Scope of Services for PUBLIC SERVICE ACTIVITIES

This is an example of a Scope of Services for a non-profit subrecipient that is providing center-based day care services [under 24 CFR 570.201(e)] for children aged 14 months to 5 years. The public service is structured as a limited clientele activity that will principally benefit low- and moderate-income persons.

Please keep in mind that the following example is only one of the ways of structuring a Scope of Services and Method of Compensation for a public services provider being assisted through the CDBG program. In this example, the CDBG assistance comes in the form of a subsidy paid to the provider on behalf of the children from low- and moderate-income families enrolled in day care. However, the option is also available to assist the day care center provider's overall operations with CDBG funds, which could also meet the National Objective of principal benefit to low- and moderate-income persons as long as a majority of the children served by the center are from low- and moderate-income families.

SCOPE OF SERVICES

A. <u>Principal Tasks</u>

Changes in the scope of services, budget, or method of compensation contained in this Agreement, unless otherwise noted, may only be made through a written amendment to this Agreement, executed by the Subrecipient and Grantee.

The major tasks that the Subrecipient will perform in connection with the provision of the eligible day care services include, but are not limited to, the following:

- 1) Maintain facilities at all times in conformance with all applicable codes, licensing, and other requirements for the operation of a day care center. This will include all requirements for lead-based paint testing and abatement, as necessary. The facilities must also be handicapped accessible, and organized into separate areas appropriate for each of the age groupings being served (toddler,14 months to 2. 5 years; pre-school, 2. 5 to 4 years; and pre-kindergarten, 4 to 5 years).
- 2) Conduct outreach through flyers, public service announcements, networking with local agencies, scheduling of open houses and other means to inform the low- and moderate-income community of the availability of the fully-subsidized day care slots available, and to ensure sufficient demand to maintain enrollment. All descriptions of the program will emphasize that the center is handicapped-accessible. [Depending on the demographics of the community, a Grantee may want to specify that outreach materials also be produced in Spanish, French, Cambodian, etc.)
- 3) Accept applications and perform eligibility determinations. Only children aged 14 months to 5 years from families in [name of town/city/county] with incomes that do not exceed the low- and moderate-income limits of the CDBG program, by family size, will be eligible for enrollment in the subsidized day care slots.

CDBGGMM 7/05

- 4) Offer day care services from 8:00 a. m. to 6:00 p. m. Monday through Friday to approved eligible families. Families should be provided the option of enrolling their children in either part-time or full-time day care slots, provided that children from eligible low- to moderate-income families occupy 10 of the 40 "full-time equivalent" slots available at the day care center. [If services are not expected to be provided on some or all holidays, they should be specified in the scope.]
- 5) Ensure that the numbers, background and qualifications of the Subrecipient's staff providing the on-site day care and any related services at all times are appropriate for the enrolled child population at the center and meet at least the minimum standards established by the pertinent licensing bodies.
- 6) Provide two nutritionally balanced snacks and a warm lunch every day for children participating full time.
- 7) Provide transportation services for children requiring transport to and from their home.
- 8) As part of the day care services, provide a range of structured social, educational, and cultural enrichment activities appropriate to the age groups being served.
- 9) Maintain program and financial records documenting the eligibility, attendance, provision of services, and Subrecipient expenses relative to the children receiving day care services as a result of assistance provided through the CDBG program.

B. <u>Budget and Method of Compensation</u>

With the submission of original monthly bills together with proper support documentation, for the services described in Section A. of this Agreement, the Subrecipient will be reimbursed on a monthly basis according to the following schedule:

<u>For day care services</u>: A *pro rata* share of the Subrecipient's allowable monthly expenses for the provision of day care services as supported by a cost allocation plan prepared in accordance with OMB Circular A-122 and the Department of Health and Human Services Publication OASMB-5. FTE day-care slots may be used as the allocation basis for the plan if it can be shown that this basis provides for an equitable distribution of the indirect costs. Aggregate monthly billings are limited to \$7,500.00.

<u>For transportation services</u>: The actual direct costs and any allocable indirect costs incurred by the Subrecipient for the provision of day care-related transportation for authorized, enrolled children from low- and moderate-income families during the month in question, up to an aggregate limit of \$500.00 per month.

It is also important to note two special requirements for support of public services under the CDBG program. First, to be initially eligible for CDBG funding, the public service must be either a new service or a quantifiable increase in the level of service provided or assisted by the local government with state or local funds during the prior year. This requirement does not prevent refunding the CDBG-assisted public service at the same level in a subsequent year, however.

Second, under most circumstances the amount of CDBG funds obligated within a program year to support public service activities must not exceed 15 percent of the total grant awarded to the grantee for that year, together with 15 percent of the program income received by the grantee and its subrecipients for the preceding year. The grantee may want to include explicit language in the Subrecipient Agreement acknowledging these conditions for the eligibility of the public services expenses.

The grantee may also want to place special emphasis on the antidiscrimination language in the Subrecipient Agreement in order to ensure that individuals with disabilities or other special populations receive equitable access to the CDBG-assisted services.

Example #2: Sample Scope of Services/Schedule of Payment for

HOUSING REHABILITATION ACTIVITIES

In this example, the housing rehabilitation effort is aimed primarily at owner-occupied properties. The Subrecipient administers the activity, but the actual rehabilitation work is conducted by private contractors. (Other likely scenarios include a local rehabilitation program where the Subrecipient's own staff perform some or all of the rehabilitation, and/or where the Subrecipient itself owns the property; in such cases, the specifics of the Scope of Services would need to be changed accordingly.)

The illustrative Scope of Services and Schedule of Payment that follow could be used along with the overall "boilerplate" agreement language found earlier in this Appendix to create a complete Subrecipient Agreement for housing rehabilitation activities.

In reviewing the following, however, keep in mind that this is only one of the many acceptable ways a Scope of Services could be structured for such work, and the particular language and level of detail contained in this example are not mandatory. Essentially, a grantee should develop a Scope of Services that is sufficient to provide clarity about all the activities that the Subrecipient is expected to carry out, with explicit review and approval mechanisms that are adequate to permit the grantee to exercise its oversight responsibilities.

SCOPE OF SERVICES

A. <u>Principal Tasks</u>

The Subrecipient will be responsible for administering a CDBG Year____ housing rehabilitation program, also referred to as (specific name of program), for the city/county of (name of Grantee), hereinafter referred to as "the Grantee." The Subrecipient will administer all tasks in connection with the aforesaid program in compliance with all applicable Federal, state, and local rules and regulations governing these funds, and in a manner satisfactory to the Grantee.

The major goal of the Subrecipient's efforts under this Agreement will be the completion of rehabilitation of thirty-five (35) eligible housing units, per the Subrecipient's proposal of [date], as amended and approved by the Grantee on [date]. Changes to the program goals, scope of services, schedule or budget, unless otherwise noted, may only be made through a written amendment to this Agreement, executed by the Subrecipient and Grantee. Toward the goal of the completion of rehabilitation for 35 eligible units, the major tasks that the Subrecipient will perform include, but are not necessarily limited to, the following:

- 1) Refinement of housing rehabilitation program plans, procedures and forms: subject to review and approval by the Grantee, the Subrecipient will establish, or make any necessary revisions to, the housing rehabilitation program design and procedures (including but not limited to the priorities among applicants and among rehabilitation measures, the limits and structure of financial assistance, and the recapture and affordability policies), as well as any other necessary forms, documents or sample contracts.
- 2) Outreach: the Subrecipient will conduct sufficient advertisement of the housing rehabilitation program and other forms of outreach to ensure that enough eligible applicants from the designated target neighborhood(s) of [names of neighborhoods] participate in the program to meet the CDBG Year____ housing rehabilitation goal of 35 completed units.
- 3) Intake/assessment of eligibility: the Subrecipient will assist property owners and residents in the designated neighborhoods in the completion of applications to permit

2-34 CDBGGMM 7/05

eligibility determinations for rehabilitation assistance. The Subrecipient will make provision for translation services to meet the needs of non-English-speaking applicants. In the event of applicants who have impaired mobility or other disabilities, the Subrecipient will make provisions for completing the application at the applicant's residence or other acceptable procedures for ensuring equal access to services.

Initial eligibility determination of households/structures will be made by the Subrecipient on the basis of satisfaction of income requirements (single-unit structures must be occupied by a low- and moderate-income household; if a two-unit structure, at least one must be so occupied; and if three or more units in a structure, at least 51 percent of the units must be occupied by low- and moderate-income households [at affordable rents, where applicable] according to the most current income limits established by HUD), the apparent need for rehabilitation measures to correct relevant housing code or Housing Quality Standard (HQS) deficiencies, and any other pertinent criteria set forth in the approved program design.

- **4) Work write-ups:** for each eligible unit to be assisted, the Subrecipient will complete a detailed work write-up of the rehabilitation to be performed, including estimated costs of each activity, materials to be used, and industry or regulatory standards to be met. This write-up will be initialed and dated by the homeowner.
- 5) Bank financing: for those applicants who will be securing some of the financing for the rehabilitation work through private loans from a bank or other type of private financial institution, the Subrecipient will provide assistance to applicants when applying for such complementary financing upon request.
- 6) Solicitation and selection of contractors: the Subrecipient will assist approved applicants in the identification, proper solicitation, and selection of contractors qualified to perform the authorized rehabilitation of eligible housing units. The Subrecipient will provide forms and sample contract formats for the applicants to use in contracting with the contractors and will assist the applicant in ensuring that the description of the work contained in any contracts with contractors is accurate and complete.
- 7) **Periodic and final inspections**: the Subrecipient will perform periodic site visits to ascertain that approved and contracted rehabilitation work is proceeding properly and satisfactorily, will authorize (with the owner's written approval, including signature and date) appropriate change orders, and will mediate in the event of owner dissatisfaction with the work done by the contractor.
- **8) Approval of contractor payments**: as rehabilitation progresses and as invoices are submitted by contractors, the Subrecipient will verify that the expenses are reasonable and the work has been completed properly (including a sign-off by the owner), and will authorize drawdown of funds from the Grantee, and disbursement to the contractors.
- 9) Maintenance of case files and other records: for each applicant, the Subrecipient will maintain case files, including application and documentation of eligibility, work write-ups, the assistance agreement between the property owner and Subrecipient (along with repayment/ recapture provisions), documentation of liens and any other forms of security, contractor selection criteria, copy of contract between owner and contractors), documentation on all necessary licenses and permits, site visit/inspection reports (including final inspection), change orders, and approved contractor invoices for payment (with owner sign-off). The Subrecipient will also maintain appropriate information on persons residing in the property, including a list or lists identifying persons in a project immediately before the project, after project completion, and those moving in during the project, as well as information on those displaced or temporarily relocated (per 24 CFR 570.606 and 24 CFR

CDBGGMM 7/05

part 24). The Subrecipient will maintain these and other program and financial records in accordance with the general requirements for record keeping specified in Section __ of this Agreement.

B. Staffing

The Subrecipient shall assign the following staff as Key Personnel to the CDBG Year ____ housing rehabilitation program:

Staff Member Title	Time Allocation	
Jane Smith, Program Manager	General program oversight and administration; revision of	10 hours/week
	forms and procedures; approval of contractor selection;	
	submission of approved contractor invoices	
John Doe, Asst. Program Manager		
	and eligibility determinations; solicitation of contractors; supervision of Rehabilitation Specialist; maintenance of	
	program records	
Harold Baker, Rehabilitation Specialist	Work write-ups; inspections	25 hours/week
Alice Glass, Bookkeeper	Financial Records	5 hours/week

Any changes in the Key Personnel assigned or their general responsibilities under this project are subject to the prior approval of the Grantee.

C. Project Schedule

Unless amended by mutual written agreement by the Subrecipient and the Grantee, (Subrecipient's name) will perform the described housing rehabilitation tasks and complete the rehabilitation of eligible units in conformance with the schedule attached as Exhibit 1.

D. <u>Line Item Budget</u>

\$310,000,00

The Subrecipient may draw down funds (against the "Rehabilitation Loans and Grants" budget line item) to establish escrow accounts for individual participating property owners to finance payments to contractors for the rehabilitation of eligible property. The loan agreement with the homeowner must specify that an escrow account will be used. Drawdowns for such escrow accounts may be initiated at the time that the assistance agreement between the Subrecipient and property owner is executed, but any funds drawn for such escrow accounts must be limited to the amount expected to be disbursed within 10 working days from the date of drawdown, must be placed in one interest-bearing account, and must be disbursed to contractors within 10 days of receipt by the Subrecipient. Payments to contractors from such escrow accounts should be made on the basis of work completed, with a set-off of at least 10 percent until final inspection and sign-off of the completed rehabilitation by the Subrecipient's staff and property owner.

B. Relocation Assistance

The Subrecipient may draw down funds as Relocation Assistance expenses are incurred, up to the approved line item budget level. Relocation Assistance must be provided in accordance with 24 CFR 570.606 and 49 CFR part 24.

C. Operations/Administrative Expenses

During start-up of the CDBG FY ____ housing rehabilitation program (Months 1–3), the Subrecipient may draw down on a monthly basis up to one-twelfth of the budgeted amount for Operations and Administration, to cover expenses actually incurred. After Month 3, drawdowns against the balance of budgeted funds for Operations and Administration must be based on costs actually incurred, and proportional to the percentage of the total authorized amount for Rehabilitation Loan/Grant funds and Relocation Assistance that have been expended.

[NOTE: A grantee might structure compensation for operations/administrative expenses in this way to allow for start-up costs, and to ensure that the subrecipient does not exhaust its CDBG operations budget before the rehabilitation of all the assisted units is completed.

Alternatively, a grantee could choose to reimburse the subrecipient simply on the basis of operations/administrative expenses incurred, or at a fixed rate per unit completed (in this case, \$2,394.40 per unit based on a budget for operations and administration of \$83,804 and a volume of 35 units). This latter approach may only be used if it is supported by a cost allocation plan to ensure that the reimbursement is tied to the actual cost of services.]

In addition to the provisions outlined above, it is especially important that a grantee should ensure that a Subrecipient Agreement for the operation of a housing rehabilitation program also includes citations relative to the following program requirements:

- Affordability provisions [24 CFR 570. 208(a)(3)]: for activities benefiting low- and moderate-income persons, the subrecipient must adopt and make public the grantee's standards for determining that for rental housing assisted under the program, the rents of units occupied by low- and moderate-income persons are "affordable."
- Davis-Bacon requirements and other Labor Standards [24 CFR 570.603]: these statutes require the payment of prevailing wages for CDBG-assisted construction work, including construction or rehabilitation of residential property containing eight units or more, in excess of \$2000. The Contract Work Hours and Safety Standards Act also applies to such activities.
- **Historic Preservation [16 U.S.C. 470** *et seq.* and 36 CFR Part 800]: these requirements mandate (a) consultation with specified agencies having responsibility for historic preservation to identify properties listed (or eligible for inclusion) in the National Register of Historic Places that may be subject to adverse effects by the proposed CDBG activities, and (b) compliance with procedures or other requirements to avoid or mitigate such adverse effects.
- National Flood Insurance Program [24 CFR 570.605]: if a community has had notice for more than a year that an area has been identified by FEMA as having special flood hazards, CDBG funds cannot be spent for acquisition or construction purposes within that area unless the community is participating in the National Flood Insurance Program and such insurance has been purchased for the properties in question.

2-38 CDBGGMM 7/05

- Relocation, Real Property Acquisition, and One-For-One Housing Replacement [24 CFR 570.606]: The acquisition of real property for a CDBG-assisted project and the displacement of any person (family, individual, business, non-profit organization or farm) as a direct result of acquisition, rehabilitation, demolition or conversion for a CDBG-assisted project must comply with 24 CFR 670.606 and 49 CFR part 24. The Subrecipient must also conduct its CDBG activities so as to minimize displacement, and if displacement occurs, the displaced persons or entities must be provided assistance consistent with the Uniform Relocation Act, as amended, or Section 104(d), as applicable. In addition, there must be a one-for-one replacement of any occupied (or vacant, occupiable) low- and moderate-income dwelling that is demolished or converted to another use in connection with a CDBG-funded activity.
- Lead-based Paint [24 CFR 570.608 and 24 CFR Part 35]: There is a general prohibition against the use of any lead-based paint in connection with any CDBG activity involving the construction or rehabilitation of residential structures. If the structure was constructed prior to 1978, the tenants or purchasers must be notified of the hazards of lead-based paint poisoning; and, depending on the level of Federal assistance made available to the structure, paint inspection, risk assessment, treatment and/or abatement must be provided.
- Program Income [24 CFR 570.500; 570.503(a), (b)(3) and (b)(7); and 570.504]: A grantee must approve (a) whether a Subrecipient will be allowed to retain and use program income, and (b) for what activities the program income may be used. The use of such program income must be in compliance with all other applicable program requirements and, upon the expiration of the Subrecipient Agreement, any program income on hand or subsequently received by the Subrecipient must be returned to the grantee.

Examples of language that can be incorporated into a Subrecipient Agreement for most of these additional requirements can be found in the sample "boilerplate" Agreement in the preceding section of this Appendix.

Example #3: Sample Scope of Services for SPECIAL ECONOMIC DEVELOPMENT JOB CREATION ACTIVITIES

This is an example of a Scope of Services for a subrecipient that is providing low-interest loans to private for-profit businesses (per 24 CFR 570.203(b)) as a means of creating jobs for low- and moderate-income persons. With such "special economic development activities" documentation that the loan program constitutes an eligible activity and meets a National Objective is crucial, and therefore is given particular attention in this illustrative Scope of Services.

As mentioned in the preceding section that focused on housing rehabilitation, there are a variety of acceptable ways to structure the scope and compensation schedule for any particular activity being undertaken by a Subrecipient. Therefore, the example that follows **should not be viewed as required contract language**, but rather as one approach for structuring the Scope of Services in a S Agreement.

SCOPE OF SERVICES

A. Principal Tasks

The Subrecipient will be responsible for administering a CDBG Year _____ economic development loan program, also referred to as (specific name of program), for the city/county of (name of Grantee) hereinafter referred to as "the Grantee." The Subrecipient will administer all tasks in connection with the aforesaid program in compliance with all applicable Federal, state, and local rules and regulations governing these funds, and in a manner satisfactory to the Grantee.

Changes to the program focus and objectives, scope of services, schedule, or budget contained in this Agreement, unless otherwise noted, may only be made through a written amendment to this Agreement, executed by both the Subrecipient and Grantee.

The focus of the Subrecipient's efforts under this Agreement will be the provision of low-interest loans to private for-profit businesses located in the city/county of (name of grantee) that will result in the creation of jobs at those businesses primarily for low- and moderate-income individuals. The principal objective of the CDBG Year_____ economic development loan program will be the creation of 25 jobs through the provision of up to ten (10) loans. The major tasks that the Subrecipient will perform in connection with the (specific name of program) include, but are not limited to, the following:

- 1) Refinement of economic development loan program procedures and forms: subject to the review and approval by the Grantee, the Subrecipient will establish, or make any necessary revisions to, the economic development loan program design, procedures, and forms (including but not limited to the underwriting criteria, collateral/loan security requirements, standards for loan value-to-job creation ratio(s), repayment terms, loan review procedures, standard application forms and loan documents, loan servicing terms and procedures, and loan re-negotiation, default and/or foreclosure policies).
- 2) Outreach: the Subrecipient will advertise the CDBG FY____ economic development loan program and conduct other forms of outreach. The Subrecipient's outreach efforts will be sufficient to generate enough demand to be able to close loans that produce 25 jobs, the majority of which will be for low- and moderate-income persons.
- 3) Completion of loan applications; underwriting assessment: the Subrecipient will assist for-profit businesses in completing loan applications, and will perform an assessment of each loan request to: (a) determine the CDBG eligibility of the loan, (b) evaluate the loan's job creation potential relative to meeting the National Objective and Public Benefit

2-40 CDBGGMM 7/05

standards, and (c) ascertain that the loan will minimize, to the extent practicable, displacement of existing businesses and jobs in neighborhoods. The Subrecipient will perform a front-end assessment to determine whether each loan and the financing terms associated with it are appropriate, and as part of this assessment will consider the business' need for financial assistance, the feasibility of the proposed venture or business activity, the past business experience of the applicant, the reasonableness of the proposed costs and return to the applicant, the commitment of other sources of funds, and the ratio of the loan amount to the full-time equivalent jobs expected to be created.

- **4) Obtain loan collateral**: the Subrecipient will identify and obtain loan collateral, or other appropriate forms of loan security, sufficient to reduce the financial risk associated with each CDBG-funded loan, consistent with the program intent of providing financing in situations where adequate conventional financing is not available.
- **5)** Loan Review Committee: the Subrecipient will establish and maintain a Loan Review Committee, consisting of a representative of the Subrecipient, a representative of the Grantee, and three representatives of local financial institutions familiar with business loans. The Loan Review Committee will review all loan recommendations forwarded to it by the economic development program staff of the Subrecipient. No loan will be made under the economic development loan program without the approval of a majority of the members of the Loan Review Committee.
- **6)** Loan closing: with the authorization of the economic development loan program's Loan Review Committee, the Subrecipient will execute all necessary documents and will draw down funds as necessary to cover the expenses of approved applicants for activities authorized by executed loan agreements. The loan documents executed with applicants will include explicit provisions describing (a) the records that loan recipients must maintain to demonstrate the eligibility of the CDBG expenditures and the satisfaction of the CDBG National Objective, and (b) the conditions and procedures under which late payment penalties, default and/or foreclosure will occur.
- 7) Loan servicing/loan portfolio management: the Subrecipient will establish and maintain a consistent method for recording monthly payments, with up-to-date ledgers and timely reconciliations (at least quarterly). The Subrecipient will also establish a system to monitor the financial health of the ventures funded, in order to anticipate repayment problems. The Subrecipient will apply its policies and procedures regarding late payments, defaults, loan re-negotiation, and foreclosure in a timely and consistent manner.
- 8) Monitoring of job creation: the Subrecipient will monitor loan recipients on at least a quarterly basis to assess their progress in creating jobs for low- and moderate-income persons, and will institute default and foreclosure of the loan (with penalties if appropriate) in instances where the loan recipient fails to take sufficient action to satisfy the CDBG National Objective requirement.
- 9) Management of program income: any program income generated in connection with the economic development loan program, including loan repayments, late payment penalties, recaptures, or proceeds from foreclosure, will be utilized consistent with the provisions of 24 CFR 570.500(a), 570.503(a) and (b)(3), and 570.504, and all other applicable CDBG program requirements. The Subrecipient shall apply this program income toward additional loans under the economic development loan program through the use of a revolving fund pursuant to 24 CFR 570.500(b).
- **10) Maintenance of records**: in addition to the financial records regarding loan repayment cited in Paragraph A.6 above, the Subrecipient will maintain sufficient records to fully

CDBGGMM 7/05

document (a) the loan application and underwriting review, including the front end assessment of CDBG eligibility and appropriateness of the loan, (b) the final terms and conditions of the loan, including collateral or other forms of loan security involved, (c) satisfaction of the CDBG National Objective, and Public Benefit requirements consistent with the requirements of 24 CFR 570.208(a)(4) and 570.209, and (d) proper utilization of program income received. All such records will be maintained according to the general requirements of 24 CFR 570.506 and those specified in the section of this Agreement on retention of records [Grantee to add specific reference here].

Along with this Scope of Services, the grantee should develop Agreement language regarding Key Personnel and should include a Project Schedule and a Line Item Budget comparable to those found in the preceding example for housing rehabilitation activities. The Project Schedule may be more difficult to develop in the instance of this special economic development activity, however, because it probably will be harder to predict when individual loans might be closed. Nevertheless, in the Project Schedule the grantee should at least identify the discrete tasks and make every effort to frame measurable milestones and/or levels of accomplishment over time.

For the Method of Compensation/Payment Procedures section, the Subrecipient's draw down of funds to finance the loans themselves should be predicated on the amount needed to cover the actual expenses of approved applicants relative to activities authorized by executed loan agreements. The somewhat uncertain schedule for loan closings also might make it difficult to structure compensation for the Subrecipient's operational/administrative expenses on a "performance basis;" that is, payment to the Subrecipient for operational/administrative expenses based on the number of loans closed or jobs created, etc. An alternative method is to reimburse the Subrecipient for operational and administrative costs simply on the basis of expenses incurred.

These sections on Scope, Project Schedule, Budget, and Method of Compensation/ Payment Procedures can be added to the general Agreement "boilerplate" language to form a complete Subrecipient Agreement.
